

**Assures  
Korean Army  
is Leaving**

Korean Feb. 17.—Gen. D. Kim, who warned South Korea that the eight army will march in the movement to the north, has sent a letter to the South Korean minister of defense, Suh Won, and his troops expect to be in the Indian subcontinent by the end of the month.

Twelve children and two teachers from the state deaf and blind school attended the meeting to get a general view of the way city government is run.

Bids were accepted for a new two-ton city truck and a new city police car from the Leo Rice Motor company for \$149 for the truck and \$199 for the police car.

Korean called recently for

the first time to demand

the return of

the Korean

Minister

and repeated the threat

## Teacher Sees No Reason to School Study

ATLANTIC CITY, N. J., Feb. 17.—Elmer Fuller, representative of a highly influential group of educators, quoted Tuesday as saying that two sets of conferences on education which have been proposed by President Eisenhower. The urgent need for additional school facilities, he said, is being met by a four million dollar study which has just been made jointly by the federal and state governments, said Fuller. He is executive secretary of the National Council of Chief State School Officers.

His address was prepared for a discussion group here by the American Association of School Administrators.

"There is reason to believe some administrative officials and members of congress, however, want to use two years to implement a proposal to postpone federal legislation to aid in meeting the current shortage in teachers, facilities and funds for education," he said.

The administration plan for the school year has been set aside to provide two million dollars, is for conferences in 48 states this year and next, culminating in a White House conference in late 1948.

### Telephone Firm

#### To Issue Stocks

EVANSTON, Feb. 17 (UPI)—The board of directors of the Mountain States Telephone and Telegraph company approved today plans to issue an additional 487,248 shares of common stock.

The stock will be offered to stockholders of record March 26 for the basis of one additional share for every four shares already held. It will have a par value of \$100 per share.

The company said the "unprecedented" construction program now in progress will require an additional \$100 million in stock. An issue of 162,280 shares was offered a year ago.

The company is largely owned by the American Telephone and Telegraph company. It operates in Colorado, Wyoming, Utah, New Mexico, Montana, Idaho, Arizona, and the Panhandle.

### Observer Corps Is Alerted Twice

JEROME, Feb. 17 (UPI)—Jerome ground observers were alerted Saturday morning to spot planes of the 190th fighter squadron of the Idaho air national guard.

The corps will hold a white elephant sale Tuesday to raise funds for equipment. Parsons are requested to leave items at the city hall before Tuesday.

**MONEY DONATED**  
MAIL BOXES, Feb. 17 (UPI)—Robert E. Newcomer, a banker, reported Monday that \$75 has been donated to the polo fund from that community. The two projects in the drive were a community party at the bank and a card party at Mrs. Newcomer's home.

### Still Airmail

Envelopes to be affixed with the cachet in the inauguration of Convair Airlines should be placed in the mail to the northbound by United Air Lines, Inc., east airmail stamp, Postmaster W. W. Frank, warned Tuesday.

Collectors have been sending envelopes to the postmaster with the cachet in the mail to the northbound by United Air Lines, Inc., east airmail stamp, Postmaster W. W. Frank, warned Tuesday.

Anyone can obtain the cachets from the postmaster by sending a self-addressed envelope, accompanied by a request that a cachet be placed on the envelope held for the first Convair flight. There is no limit on the number of envelopes. But they must carry six cents postage.

## Chairmen for Fair Projects Are Reported

Raymond O'Dell, chairman of the fair committee, announced his committee chairmen at the Mountain Rock Orange meeting Monday in the Community Hall.

They include Mrs. H. W. Riedemann, chairman, both; Mrs. Walter Wilson, vegetables; Riedemann, fruit; John Dean, small grain; Max Vanusse, dry beans; Mrs. Carrie Quley, canned fruit; Lee Coughlin, eggs; Mrs. Pauline Burt, flour and Mrs. Harry Ray, flower exhibit.

The Grange obligation was conducted by Bellville, Mrs. Bellville, for Mr. and Mrs. Farley, Riedemann, and Robert Ray, Jr., reported that concrete work has been completed and that Mrs. Eva Dingman had given \$10 toward the project.

The program featured a debate on "Resolved: That Washington was a better president than Lincoln." Riedemann and W. W. Williams, Jr., were in favor; Mrs. Eva Dingman was against.

Quotations of Lincoln were given by Mrs. Ray Brott, Mrs. Lee Crane, Barbara Riedemann, Mrs. Williams, A. Hardin and Mrs. Williams. A hymn was sung by Tere and Mike Davis.

Guests were Mr. and Mrs. Henry Rees, Mrs. Ada Gute, Mrs. Williams and Mrs. Eva Dingman, all members of the Twin Falls Grange.

Refreshments were served by Mrs. and Mrs. Ray, Jr., and Mr. and Mrs. Vanusse.

## Export Subsidies On Wheat Hiked

WATKINSON, Feb. 17 (UPI)—The U.S. Senate today voted to raise export subsidy it pays on wheat and flour shipped under the international wheat agreement.

The action followed a seven-cent-a-bushel cut in Canadian wheat.

The increase will be six cents a bushel on shipments from the east coast and four cents a bushel on ships from the middle west.

The change was made in west coast subsidy rates. Canada's price cut applied only to east coast shipments.

A spokesman said the increase in the American subsidy—making wheat cheaper to foreign buyers—was taken "in order to have prices remain competitive with Canadian prices."

## Heyburn Reports Events, Activities

HEYBURN, Feb. 17—Mr. and Mrs. Claude Montalvo were in Salt Lake City, visited with Mr. and Mrs. Mr. and Mrs. Alton Lee Tremayne and son, San Leandro, Calif., and Mr. M. Tremayne, Salt Lake City, visited with Mr. and Mrs. Lee Tremayne and son, Walter Elledge, Pocatello, were guests of Mr. and Mrs. J. W. Holsted Sunday.

Mr. and Mrs. Monte Lewis and children, Pocatello, were guests of Mr. and Mrs. J. Lee Sunday.

Mr. and Mrs. W. C. Kinghorn and children, Rigby, were guests of Mr. and Mrs. Jack McCordell Sunday.

Mr. and Mrs. Ralph Wilson and children, Layton, Utah, spent the week-end visiting their parents, Mr. and Mrs. James Wilson.

## Crop Allotments For Land Asked

BLACKFOOT, Feb. 17 (UPI)—Wheat and sugar beet allotments are being sought by the Underground Water Users Association, a Blackfoot committee group.

The association, in a letter to Ezra Benson, secretary of Agriculture, asked for acreage allotments of wheat and sugar beets for newly developed farmland.

The letter, to Benson was signed by Horace F. Fullmer, Val A. Toolson and Thomas P. Wolf. They said they were writing "for a large number of people who have never had a chance to be in it all alone and not have careless passengers who sit down hard on the cushions."

Honestly, I wish I didn't have to drive it at all, and could keep it locked in the garage, safe from rain, wind and snow. I have never had a car like it, and I could be in it all alone.

## Flexible Crop Aid Urged by Bureau Chief

**SPokane**, Feb. 17 (AP) — The president of the American Farm Bureau federation today urged adoption of flexible price support programs, and said more of a say in the nation's farm economy.

The speaker, Allan B. Kline, Chicago, addressed several hundred farmers and others on the second day of the Northwest Farm Forum sponsored by the Spokane Chamber of Commerce.

### High Support Hit

"There is no substitute for market," he said, and he blamed the large surpluses of wheat and other commodities on rigid price support programs. "The market has allowed farmers 50 per cent of parity for their crops."

The sliding-scale price support program, proposed by the farm bureau, he said, would help cut production in areas where there is over-production, but still give the farmer the help he needs to adjust to changing market conditions.

When evaluating what the government does "for" people, one must consider what it does "to" people, Kline said. He mentioned tax and deduction of income as some of the things government does "to" people.

### Date Postponed

The flexible price support act, first introduced in 1948, but having little effect in 1949, has been repeatedly postponed.

The amendment allowing 90 per cent of parity is due to expire again in June, and again, some congressmen believe it should be extended.

Car G. Farrington, official of a Minnesota grain dealers firm, criticized the present price program as "a car with lots of acceleration and almost no brakes," during a panel discussion.

"The wheat growers have a program which is good for the export and feed markets," he said. "I believe these outlets combined can absorb 400 million or more bushels per year."

### PTA to Meet

**MURTAUGH**, Feb. 17.—The Murtaugh PTA will meet at 7 p.m. Monday evening at the church. Keith Brinham, superintendent of the Murtaugh schools, will be the speaker.

By-laws for the organization will be adopted at this meeting. All parents are urged to attend.

## Pointed Problem

## Marilyn's Korea Appearances Launch Near-Riots Among GIs

**WITH MARILYN MONROE**, IN KOREA, Feb. 17 (UPI) — Marilyn Monroe caused a near-riot when she showed off her pointed curves to the American army today.

Thousands of excited whistling soldiers almost trampled a military police guard in their eagerness to get a look at the blonde.

Like bobby-soxers besieging a crooner, more than 10,000 soldiers of the 40th infantry division nearly halted the show in their enthusiasm.

The wild demonstration was the highlight of the second hectic day of Marilyn's four-day tour of American units in Korea.

Marilyn, who can neither sing nor dance well, had only to walk to evoke cheers from the first marine, and seventh and third army divisions.

When they threatened to break

through a line of military police holding them back, a regimental commander, Col. John E. Burkhardt, John E., N.D., halted the show temporarily.

While the preliminary acts were in progress at the 40th division theater, the crowd of soldiers pushed, shoved and elbowed forward in an attempt to get closer to the stage.

When they threatened to break

through a line of military police holding them back, a regimental commander, Col. John E. Burkhardt, John E., N.D., halted the show temporarily.

## Philippine Rebel Gives Peace Bid

**MANILA**, Feb. 17 (UPI) — Luis Taruc, a communist with a \$50,000 price on his head, died or was captured in the mountains, hidden with a government representative and a seven-year-old son.

President Ramon Magsaysay, whose rise to fame as a defense minister in the Korean conflict, has given Taruc until Monday to accept a government offer or face all-out attack.

Taruc died during a four-hour interview that whether he would negotiate directly with the government depended on the outcome of talks now in progress between a government emissary and Chado Alejandrin, Taruc's right hand man.

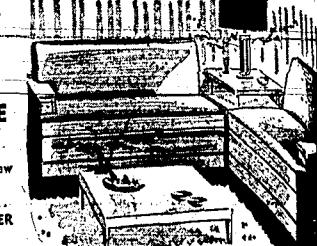

President Ramon Magsaysay, whose rise to fame as a defense minister in the Korean conflict, has given Taruc until Monday to accept a government offer or face all-out attack.

## New Conoco Super Gasoline

# with TCP\*

The Greatest Gasoline Development in 31 Years

① "I do most of the driving in a 1948 Chrysler. I wasn't surprised at the loss of pep and power over the years, but I'm happy in my arrangement when I switched to Conoco Super with TCP. When I'd finished the 'Two-Tank Test,' the car ran like a million!"

Mrs. Norman May, Houmaville  
800 South Oakfield, Denver, Colorado

② "I drive a 1950 Ford. I used to get about 17 miles on the road. My car used to 'die' at stop lights, but since changing to Conoco Super with TCP my mileage has gone up to 20 per gallon. I judge my car's pep and get-away-to-go have improved 50 or 50 1/2%."

Pat Morris, Locomotive Fireman  
1826 Arch St., Fort Worth, Texas

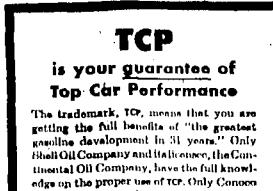

③ "Using Conoco Super Gasoline with TCP, I don't believe our '41 Dodge has driven so good since it was new. The car doesn't 'die' when you stop or stop, as it used to. It has more power on a hill. I honestly think it's the best gasoline we've ever used!"

Mrs. Lois Barr, Farmer's Wife  
Whiteoak, Iowa, Route 4

④ "The first thing I noticed about Conoco Super with TCP was the starting. Never a bit of trouble — warm or cold engine. I notice, too, that when you throtle way down and then reach for quick speed — with TCP you really get it. It's terrific for power!"

Kenneth C. Thompson, Fred Salsman  
822 Court Street, Beatrice, Nebraska

⑤ "The trademark, TCP, means that you are getting the full benefit of 'the greatest gasoline development in 31 years.' Only Shell Oil Company and its licensee, the Continental Oil Company, have the knowledge on the proper use of TCP. Only Conoco Super Gasoline and Shell Premium Gasoline have TCP — your guarantee of Top Car Performance."

By Shell Oil Company

⑥ "We drive a bunch of old cars here, and put good gasoline in 'em to perk 'em up. TCP makes a big difference in an old car. It's like a valve job. Conoco Super with TCP is the best gasoline I've used. 'Bout time TCP hits the carburetor on an old car levels off!"

A. F. Evans, Jr.  
Hardware Dealer  
Denton, Texas

CONOCO

Millions have proved it—now prove it in your car  
**NEW CONOCO Super GASOLINE WITH TCP**

## Solon Relates Great Powers Of H-Weapon

CHICAGO, Feb. 17 (UPI)—A congressional atomic specialist hinted Wednesday that the United States may have hydrogen weapons even more potent than a device that nearly 18 months ago tore a hole a mile wide and 175 feet deep in the floor of the Pacific Ocean.

Rep. W. Sterling Cole, R., N. Y., chairman of the Senate atomic energy committee, gave details never before disclosed publicly of the hydrogen bomb tests in the Marshall Islands. President Eisenhower has termed that a first step in the nation's hydrogen program.

Addressed lawmakers

Cole was expected to joint luncheon of the 28th annual National Sand and Gravel association convention and the 24th annual National Ready Mixed Concrete association convention.

The 100-ton nuclear test of 1953 completely obliterated the test island in the Eniwetok atoll.

"It tore a cavity in the floor of the ocean—a crater exceeding a full mile in diameter and 175 feet in depth at its lowest point."

"Within . . . this crater, one could place 140 structures the size of our nation's capitol."

At the same time, Cole said,

the resultant heat and blast would have completely devastated an area three miles in all directions from the point of explosion.

But this test was held almost a year and a half ago, Cole said, and nothing has been learned.

"Security keeps me from commenting on where our hydrogen weapons program now stands and from outlining the directions in which it is now moving. But I can assure you that it is moving."

## Russians Always "Dirty Devils" in Opinion of Clark

WASHINGTON, Feb. 17 (UPI)—The Russians are "the same dirty devils wherever you meet them," Gen. Mark W. Clark said the Veterans of Foreign Wars Tuesday night in receiving the Omar N. Bradley award.

Clark said he knew the Russians from encounters with them in Austria, Germany and Korea.

Clark, who was commander of United States forces in Korea before he retired, told the 10,000 members of The Citadel, South Carolina, military school, declared he was "deeply disappointed" it was not possible to whip hell out of those in Korea.

An expanse of white tablecloth and empty chairs marked the table reserved for Texans and members of the Texas delegation to congress at VFW headquarters. Wayne E. Hinton, planned on giving gold metal emblematic of the VFW's annual award for distinguished service. An audience filling the Hotel Statler balloon rose and cheered.

In all, 100 members of the VFW's annual dinner for members of congress left before the award to Clark, showing they had a long memory about one of the most controversial military operations of World War II—the crossing of the Rapido river in Italy, led by Clark.

### Brando Sued

NEW YORK, Feb. 17 (UPI)—Twenty-year-old Marlon Brando, 6-foot-2, has filed a two-million-dollar damage suit in federal court here against actor Martin Brando, alleging he "refuses to perform under his current contract and contemplates working for others."

Heaviest rainfall in the United States is at Tillamook, Ore., which has 120 inches a year.

## Rotary Foundation Fellow Speaks in Valley

Robert Warberg, local Rotary club program chairman; Barbary Benison and John Roper, club president, look over Rotary literature. Miss Benison, a Rotary Foundation fellow, is speaking to clubs in Twin Falls, Jerome and Buena this week. (Staff photo-engraving)

## Speaker for Valley Rotarians Studied in Europe Countries

Barbary Benison, 23, Salt Lake City, Rotary Foundation fellow, will address Twin Falls club members this week. Miss Benison recently returned from England, France and western Europe.

She spoke to the Jerome club Tuesday, the Twin Falls club Wednesday and will speak in Buena Thursday. She attended the University of Utah, majoring in political science and minoring in business and received her master's degree in business administration from Stanford University.

While in England in 1952 and 1953, Miss Benison studied international trade at the University of London. During the past summer she traveled in western Europe, and during the fall she lived with a French family in Paris.

She will be talking to Rotary clubs for about a month, then plans to go to California and seek a position in international trade. She has visited Rotary clubs throughout Europe and England.

A total of 115 students from all countries participated in the fellowship program during 1952 and 1953. The program is open to men in college or university and members of the hometown Rotary club. Each district selects a maximum of one candidate but does not have one every year.

There are 165, of which Twin Falls is a part, includes southern Idaho and Utah.

### Drive Planned

CAREY, Feb. 17—A fund raising campaign will be launched on Feb. 28 to obtain funds for the Boy Scout and Girl Scout campaign.

One will be talking to Rotary clubs for about a month, then plans

## City Board Hires New Police Chief

SHOEMAKER, Feb. 17—Harold Sipe, Shoshone, was hired as police chief Monday night at a special meeting of the city council to replace Max Coffman who resigned.

Sipe has been a resident of Shoshone for nearly a year, coming to this city from California. Coffman had been chief since last November, replacing Don Carroll. No reason was given by Coffman for his resignation.

The council also directed City Attorney Jack M. Murphy to draw up a new water ordinance. It was to be placed in all places of public assembly including schools, courthouse and apartment houses and in all homes outside the city limits where city water is used. Rates for water use will be determined by the council later.

CAREY GUESTS

CAREY, Feb. 17—Guests of Mr. and Mrs. Ted Davis last week were their daughter, Annie Davis, a student at Ricks college, Rexburg; Mrs. Nedra Atwood, Los Angeles, Calif.; Mr. and Mrs. John G. Gattuccio, and Yen Davis, Idaho Falls.

The population of the United States increased 3,700,000 in 1953.

## U.S. Protests Imprisonment Of Americans

WASHINGTON, Feb. 17 (UPI)—The United States has formally accused communist China of holding 101 Americans in prison and has called for their release.

The protest was lodged with the Peking regime, recently through Britain. The United States does not recognize the Chinese communist regime and demands its problems be solved through foreign diplomats.

This country has made a number of diplomatic representations to China protesting the detention of Americans on the Chinese mainland.

This protest is understood to accuse red China of murder and human rights violations. 32 American civilians now jailed. The remainder are out of prison but are unable to leave the Chinese mainland.

The three explorers—John Lehr, Russell H. Currier, N. J., and Albert G. Mueller, Jr., Scotch Plains, N. J.—listened to their wives' demands back from their wives that they be freed.

At the expedition's advance camp three "miles inside the cave," Phil Harsham, Louisville Courier-Journal reporter with the expedition, said he had been told the men had been beaten and tortured.

Striking out from the falls, said Lehrberger, was "like diving into a bowl of spaghetti—passages ran in every direction."

## Explorers Reach Unknown Depths In Kentucky Cave

CRYSTAL CAVE, Ky., Feb. 17 (UPI)—Unknown canyons deep in earth, behind rocky hills of Kentucky, have been reached Wednesday by a tired band of Crystal Cave explorers.

Great cave rooms, decorated with spider-like stone formations, were discovered in the depths of the National Speleological (cave study) society expedition.

After three hours of tortuous crawling and climbing, the explorers into the dark world of rough virgin passages 300 feet below the scenic landscape of the Mammoth cave national park area.

The expedition's advance camp three "miles inside the cave," Phil Harsham, Louisville Courier-Journal reporter with the expedition, said he had been told the men had been beaten and tortured.

The three explorers—John Lehr, Russell H. Currier, N. J., and Albert G. Mueller, Jr., Scotch Plains, N. J.—listened to their wives' demands back from their wives that they be freed.

# Twin Falls Bruins Batter Boise Bobcats by 65-48 and Simmons Nets 21

The Falls Bruins warmed up for the championship game Friday with the Boise Bobcats. The Bruins were never in serious trouble throughout the entire game after they got off to a 10-0 lead in the first quarter. Gary Simmons potted 21 points to lead the Bruins in the scoring department while scoring honors for the Bobcats were split between David Hodge, James Helmer and Gerald Blidge. Each netted seven points for the losing Bobcats.

## Gooding Senators Top Idaho Indians 50-41

Feb. 17.—The Gooding Senators kept up their tor-  
to the Big Seven conference here Tuesday by top-  
ing the Idaho Indians 50-41. The Senators came from be-  
hind to win. They trailed at the end of the first

quarter but drew to even

## Death Brings Red Strike in Italy's Plants

MILAN, Feb. 17 (UPI)—A communist strike in Italy has paralyzed the heart of industrial Italy.

The walkout in the cities of this northern region is one of a series by communist and socialist unions to enforce demands by Rightists to end the strike.

Political strike leaders took on a political hue designed to embarrass the government.

Thousands of workers walked off their jobs in the latest move to make it clear to the government to concede to demands.

Leon, who died after a scuffle yesterday with Premier Mario Scelba's riot squad.

### Lay Down Tools

Workmen here laid down their tools 15 minutes before lunch time.

In Turin, 15 miles away, at least 500 persons were injured in new strikes.

The series of leapfrog strikes started yesterday with a 24-hour walkout in the Renault arms and munitions elsewhere.

Yesterday, the death of Leon, a communist party member, resulted from the police charge which broke up a demonstration in a branch of the Fiat automobile works here.

### Escaped Violence

No incidents of violence were reported in the Milan walkout.

But in Turin three streetcar mechanics and a ticket collector suffered head gashes in a hail of stones from mob.

More than 400 persons were injured and two policemen were injured by flying stones as communists-dominated unions staged the one-day strike for higher pay.

Additional communists-inspired strikes were set for today, tomorrow and Friday in different parts of Italy in an effort to overthrow the five-day-old Scelba government.

## Officers Elected For Farm Group

BUEHL, Feb. 17—Kyle Bell was elected president of the Buhl Farm Bureau at a meeting held Monday night at the city hall.

Officers elected were R. C. O'Conor, vice president, and J. R. Bennett, secretary-treasurer.

Lawrence Roubink, retiring vice president, presided at the meeting.

He chose delegate to the county Farm Bureau meeting in Twin Falls.

R. M. Peterson spoke on the sugar beet industry. Robert Ray, Twin Falls, agricultural agent from the Amalgamated Sugar Company, followed a film.

The next meeting of the group is scheduled for March 15.

## Many Teen-Age Students Drink, Survey Reports

DEA MONTRE, La., Feb. 17 (UPI)—At least 90 per cent of high school students in Nauvoo county, New York, drink alcoholic beverages and 70 per cent were having an "occasional" drink before age 14, reported Dr. John C. Christian, said today.

The statistics were contained in a report on a survey by Dr. Matthew N. Chappell, Hofstra college, Long Island.

The survey showed that about 75 per cent of the teen-agers "took their first drinks" at home with parental consent.

Seventeen per cent said they began drinking "before the age of 11," Dr. Christian said.

The magazine said that authorities believe the Nauvoo survey is applicable "to some extent" to the national content.

Christian, a psychology professor, said the only other two per cent drink "intermittently."

The survey was evidently based on interviews with the students themselves.

### PARTIES PLANNED

WILMINGTON, Feb. 17—Parties are planned Friday afternoon and evening at the Baptist church for members of the junior church. Children up to 5 years of age will be entertained in the afternoon and older children will be entertained at 7:30 p.m.

Colorado became a state of the United States in 1876.

## Founder of Home Gets Club Award

WASHINGTON, Feb. 17 (UPI)—Amelia Anthony, who used her life savings to set up "Girls' Town U.S.A." in White Face, Tex., has been chosen the outstanding woman of the year by the General Federation of Women's Clubs.

Miss Anthony, the federation said, used savings to establish a home for girls with family difficulties to prevent them from becoming juvenile delinquents.

Starting with a small house and 15 girls in 1919, she now has a large residence, barn, dining room and farm with 100 girls.

The girls range in age from 1 to 19—raise much of their own food and learn housekeeping skills. They attend school and receive medical treatment.

The home is supported by private donations supplementing Miss Anthony's stake.

### FRANCIS FIELD

GARRET, Feb. 17—Ward-choir practice was held Sunday evening under the direction of Kay Barney. Accompanist was Mrs. Leon Peck.

The group is supported by private donations supplementing Miss Anthony's stake.

GRAND PRIZE

PHILCO "GOLDEN"

TV SET

GOLD-PLATED GRAND PRIZE... This is the beautiful gold-plated 21" Philco Television Receiver to be awarded to the first-place winner in the Magic Valley Golden Talent Jubilee Show at the Orpheum Theatre Friday evening. Miss Karen Pedersen is the pretty model.

## Admiral Sees Stalemate on Atomic Wars

NEWPORT, R. I., Feb. 17.—Adm. Robert E. Carney said Tuesday a stalemate seems to be a "deadly stalemate with both sides fearing to use atomic weapons because of the threat of retaliation."

On the other hand, he said, "we are still with the devastating atomic bombs and wind up with bamboo spears," stalking each other "across the remaining ashore."

Since the "United" does not think it can tell what kind of war it may have to fight, Carney said, "we dare not entrust our safety to any single rigid and unalterable course."

His remarks to the news war correspondents attracted attention in light of the administration's decision to rely chiefly on air-atomic power in its "new look" military strategy. Secretary of State John Foster Dulles recently disclosed the "basic decision" to depend primarily upon a great capacity to retaliate instantly by means and at places of our choosing."

## Egypt Threatens Parley to Defend Canal Ship Right

UNITED NATIONS, N. Y., Feb. 17.—Egypt has "a right" to seize ships bound through the Suez Canal for Israel even if it has to call a conference, including Russia and other United States, it was indicated today.

That stand was announced by Dr. Mahmoud Asati, special envoy to the United Nations from the Egyptian foreign ministry.

Asati said the Constantinople convention of 1888, which provides for control of the canal under an international company, was signed by Egypt, among others, but not by the United States.

Actually, czarist Russia signed the convention. Asati did not make clear whether he considered Soviet Russia in the legal position of the U.S. government with the right to participate.

Asati said "events may lead" Egypt into calling a conference to consider control of the canal.

## Lincoln Grangers Oppose TV Stand

SPRINGFIELD, Feb. 17.—The committee to oppose TV system was posted by Wood River Center Grange in a resolution Saturday.

The Grangers also decided to install heavy screens over windows at the hall and to buy a new roof.

Donald Sandy was appointed to arrange for the purchase of the screens.

Reports on the Jan. 29 and Feb. 12 meetings were given by Sandy and a cash donation to the March of Dimes was approved.—Two Juvenile Grangers, Verla Barney and Darwin Mills, were honored for graduation exercises and promoted to the 10th grade.

Three couples were appointed to a kitchen committee. They are Mr. and Mrs. George Edens, Mr. and Mrs. Donald Sandy and Mr. and Mrs. Alvin Vinsant.

At the meeting were Susan Hall, Anthony Parks, Roberta Hall, Hazel Hall and Yvonne Gabriel.

**COV TESTED**

RUPERT, Feb. 17.—A Holstein cow owned by Thomas E. Mabery, Rupert, produced 13,581 pounds of milk and 450 pounds of butterfat during a recent test conducted by the Holstein-Friesian association of America.

## Family Draws Ike's Brother's Telephone Number, Bad Time

TACOMA, Wash., Feb. 17.—Now Harold Chavis wishes he hadn't drawn the blanked-in telephone put in.

Chavis, a restaurant owner in nearby Lakewood, applied for a telephone two weeks ago. Much to his surprise, the phone company put him in right away.

That's when the fun began.

The phone started ringing all the time, constantly. Chavis and his wife didn't get the same request from callers:

"May I speak to Ed Eisenhower, please?"

Mrs. Chavis answered more than a dozen calls before the light dawned.

"Do you realize that we got a telephone 'right away'?" she asked Chavis. "And yet the telephone company gave us one that didn't work."

"Fast service" and "Influence," Chavis replied.

"Nope, we got Ed Eisenhower's phone number," Mrs. Chavis told her husband. "We got the one he gave to his wife. It was too hot for him to handle."

And she was right.

Edgar N. Eisenhower, the President's brother, behind the phone company, gave him a new—and unlikely—number to keep his phone from ringing constantly.

When Chavis first got Eisenhower's—diseased—number, the calls came in by the dozen.

To top it off, callers wouldn't believe Chavis when he told them they had the wrong number. They just called back.

### Requirement for Miners Relaxed

BELLEVUE, Feb. 17.—The physical requirement for experienced hoistmen and hoist operators have been ordered relaxed in Idaho's mines.

State Mine Inspector George McDowell said Monday that excellent eyeshield still would be required.

He explained that a slight change of vision is not a good enough handicap to be experienced in operating the mine shaft elevators for miners and cargoes.

McDowell also said that plans are being prepared to give safety bonuses to miners who remain on the job for the year and to those who show the most improvement. Separate awards will be made to winners in the 250,000-man-hour class and those in the 250,000-280,000 man-hour class.

### Salary Corrected

BELLEVUE, Feb. 17.—The Lincoln County miners' salary increase for 1954, as granted by the county commissioners, is \$25 instead of \$25.50 as was previously reported. The rate amounts to \$250 a month for a 10-month period, which is a normal working year.

Three couples were appointed to a kitchen committee. They are Mr. and Mrs. George Edens, Mr. and Mrs. Donald Sandy and Mr. and Mrs. Alvin Vinsant.

## Bill Voted to Cut Through Great Divide

DENVER, Feb. 17 (AP)—The Colorado legislature has adopted a measure that may soon realize the long-standing dream of breaching the mighty 14,000-foot high Rocky mountain barrier with a highway tunnel.

The legislature, sparked by western Colorado members, has passed a bill authorizing the issuance of up to \$1 million dollars in bonds to finance construction of a toll tunnel under the continental divide west of Denver on U. S. highway 6 and 40.

The action climaxed a highway tunnel study that began more than 12 years ago. If the tunnel is constructed it will be the first major highway tunnel to be driven through the continental divide.

The proposed tunnel, to be located two and one-half miles northeast of 11,992-foot high Loveland pass, would be 7,170 feet long and its elevation would be 11,000 feet, a thousand feet below the top of the divide at that point.

## Murtaugh Plans Granger Supper

MURTAUGH, Feb. 17 (AP)—A Grange meeting and an evening at the home of the state's members of the building and home economics committees announced for the Grange roundup number at the high school on March 8. Plans are to go into the Grange building fund.

During the lectures hour a one act play was presented under the direction of Mr. and Mrs. James Sargent, the young part were Mr. and Mrs. James Sargent, Joan Sargent, Mrs. Stephenson, Mr. and Mrs. Ed Dutton, Mr. and Mrs. G. L. Root, Mrs. William Young, member of the board of the Twin Falls county chapter of the American Red Cross. Young also showed a film on the book on a recent trip to Mexico.

Mr. and Mrs. Harold Menzer were given the Grange obligation by Earl Young, master.

Refreshments were served by Mr. and Mrs. Ray Deahl and Mr. and Mrs. Leon Pickett.
